

Conflict resolution requires communication and mediation skills that help parties identify issues and interests, identify areas of common ground, allow parties to be heard, and envision creative solutions. However, lawyers sometimes also wish to know a mediator's specific areas of expertise. Please think carefully about your personal level of expertise in the following general subject areas. (Note: These categories are those displayed on the civil cover sheet submitted to the court at the time of case initiation.)

Designate with a "1" those main categories (like CONTRACT, REAL PROPERTY, etc.) that are your primary subject areas of expertise. Designate with a "2" those categories in which you have some experience. Designate with a "3" those categories in which you have little or no experience. Place an "X" next to any category of case, or speciality within a category, for which you would not wish to serve as a mediator.
